A Reception and Briefing on Ohio Aerospace & Defense Jobs

It's a critical time to increase awareness among the Ohio Delegation to Congress. The \$1.3 billion Air Force navigation and guidance system contract with Boeing, which has Ohio roots back to 1962, is being re-competed this year. Community leaders from Licking County, Ohio bring an upbeat message of capability, development, and success to Capitol Hill.

Join the reception anytime between 12 & 1 p.m.
