Voinovich Calls COATC "A Gem"

U.S. Senator George Voinovich, during a tour of The Base to get an update on the successes and challenges since Privatization-in-Place, had high praise for the efforts of the workforce and employers here. Voinovich toured key new work areas, including the AWACS-ESM area relocated from Texas in 2006 and the circuit card repair area upgraded in 2000. The visit was his fourth since the Base closure announcement in 1993 and was at invitation of the Port Authority as part of its ongoing caucus-building strategy.

Yes, We Have Asphalt!

The latest phase of improvements to the COATC's South Campus, extension of James Parkway to provide a second connection to State Route 79 and I-70, saw paving last week. The milestone event means its less than a month until the new roadway opens for traffic.

Projects: East Side Transformed

Removal of the day care facilities, demise of the softball field, and demolition of the last of the Air Force-owned buildings at The Base are bringing a major change to the function and appearance of the east side of The Base.
