## 8<sup>th</sup> Spec Building in 8 Years

The Port Authority has begun design work toward building another speculative industrial building on the Port Authority campus. The 20,000 sq. ft. building will be the eighth spec building in eight years on the campus. What happened with the first seven? All have been leased or sold. Tune to the projects page for the latest on this and other Port Authority campus projects.

## One is Not A Lonely Number

Nature's One held a groundbreaking ceremony mid-June to celebrate the building of a \$32 million, 90,000 sq. ft. new production facility which can boast being the one and only dedicated organic infant nutritional production facility in the World. Nature's One is not alone on the campus which is number one in other arenas—aluminum hot roll, steel strapping bismuth annealing, and Air Force metrology are among other number ones.

## Potentia Financing Finances 2019 Trio

With the most recent Port Authority financing of an \$85 million TPA Group 1.2 million sq. ft. building project in Etna Township, Potentia Financing completed its third project for 2019. The Port Authority's community solutions arm, Potentia has been part of financing over \$535 million in economic base, job-creating projects in the region over the years.
